Lisa—Let's brief Jennifer first, so if you could set up a short meeting for that soon, that would be great. In the meantime, I will try to get a hold of Mel and will raise this, among other topics I need to discuss with him, to see if he has any further interest; otherwise, we (you/me/Jennifer) can go ahead with a call with Shelly just to rehash how the Superfund findings impact (or not) IDNR's on-going LRP requirements for Maquoketa and if there's any further TBA or ECIA assistance fit.

Subject: Clinton Engines Follow Up

Good morning Deb,

Would you like me to setup a meeting with the 2 of us, Shelly, and Mel or would you like to connect with me separately first?

Thanks,

Lisa Dunning
